What is changing us?

- Learning - an active, social process
- Digital technology - support self-regulated, collaborative construction of knowledge
- Authentic assessment - engage learners and promote transfer of knowledge
“So What”
Learners interact and communicate with each other

“What”
Learners connect and interact with their instructor

“Now What”
Collaborative learning with formative assessment and feedback from peers, instructors, external audience

Figure adapted from R. Garrison, T. Anderson, L. Rourke et al Community of Inquiry Model [2007]
21st Century Learning

“What” Social Presence

“So What” Co-Construction of Knowledge

“Now What” Authentic Assessment
“What” Social Presence
"So What" Co-Construction of Knowledge
