

CACEE Awards

Name of Nominee: Rosalia Felice

Nominee Institution/Organization: McGill University

Award: New Member Recognition Award

Nomination Overview:

Rosalia Felice jumped right into organizing a bilingual CACEE Quebec regional event almost as soon as she left the CACEE national conference in Halifax in 2019. She wasn't even a member yet! She organized meetings, worked on inviting engaging speakers, and acted as one of the emcees for the event. "Les meilleures pratiques de recrutement pour la diversité et l'inclusion" brought together a diverse range of speakers and participants and was a highly successful event.

Rosalia's support of CACEE, has shown through her involvement in the Quebec Regional Advisory Board as well as her commitment to the up-coming CACEE national conference. Rosalia is laying the ground work to start a community of practice for continuing education schools and has proposed to share at the up-coming national conference the framework by which the McGill School of Continuing Studies Career Advising and Transition Services model their programming on.

It is my pleasure to recommend Rosalia Felice for the New Member Award.
