

Life Membership

Purpose

The Life Membership is intended for the purpose of enabling singularly deserving long-standing members to continue their affiliation with CACEE when that affiliation is due to be severed usually as a result of retirement. It would not necessarily be granted in the case of a career or job change.

Life members shall be confirmed, and the list updated, every year in November.

Criteria

In selecting a person for Life Membership, the following should be considered:

1. Has the individual made a significant contribution to the Association at a regional or national level over a number of years?
2. Has the individual made a contribution to the field of career services and/or campus recruitment over a number of years?
3. The individual's retirement date:
 - is pending with the current year, or
 - has it taken place in the recent past (1-2 years)?
4. Has the individual been a member-in-good-standing at/or within approximately a year of the date of the retirement?
